## educatoral.com

Your one stop link  
to everything for  
Mr. González's  
classes

On the back of this sheet you'll find instructions for signing up to get updates on Science class, school news, and information about your child. Please sign up so you can start getting updates this week!

Then go to **EducatorAl.com**. From there you can find any and all information you need about my 6th grade classes. When you get to **EducatorAl.com** click on the **Parent's Corner** link at the **top, left hand of the webpage** to find more detailed information for everything you need to know including digital copies of my beginning of year handouts.

If your child is ever absent you can use my HW website to see what your child is missing. Your child can even work from home using 3D GameLab if he or she ever needs to!

If you don't have Internet and would prefer to receive the beginning of year handouts on paper call and leave me a message at 302-5960. Otherwise, I won't make the extra copies.

Mr. González

The screenshot shows the homepage of 'Mr. González's Webs'. At the top, there is a navigation bar with a link for 'Parents Corner (Click the link if you're a parent!)' circled in red. Below this, there are several sections: 'Student Learning Management System' with a 100% progress indicator, 'Homework and Daily Assignments' with a link to 'Rm 410 Science Assignments and Tasks', 'Weekly & Daily Quizzes' with a link to 'King G's Level 6 & 8 World of Science/Craft Quizzes!', and 'Chimacum World Solutions' with a link to 'What's going on in the world?'. A 10-cent postage stamp is visible in the bottom right corner of the screenshot.
